for everything related to the event. 08/11/2025. Administrative / Technical Inspection / installation of sensors (09:00- 11:00). / Receipt of materials /, Road book, R.Ts Inspection / Driver-Co-driver's Driving License, Insurance Policy, Certificate of Qualification, authorization from vehicle owner, etc., based on regulations.

Read the last cover of the Road Book regarding the use of OK / SOS. The event is not covered by roadside assistance. The Road Book contains warnings about poor road conditions within the RTs, but be prepared for new damage to the road surface and stones from landslides, from recent local weather phenomena. On provincial roads and RTs. you may encounter domestic or wild animals and the risk of collision is real. The Road Book has been designed to prioritize the safety of the event. The schedules are adjusted accordingly to avoid violating the TRAFFIC CODE and to arrive on time at the start of the RTs and at the Time Control (TC). The distances have been measured accurately on the right edge of the road and the RTs have been measured to an accuracy of one (1) meter. The START signs of the R.Ts are placed on shapes (tulips) of the Road Book and are marked with a red line, and in case of removal of the sign by unauthorized persons (theft) or their non-existence, it is not a reason for cancellation of the RT.
